The following Motion was approved at the May 28, 2024 Special Meeting of the Coastal San Pedro Neighborhood Council:

**Whereas, the Coastal San Pedro Neighborhood Council strongly supports the principles and functions of the Coastal Act and does not support legislation that weakens it.**

**Resolved, the Coastal San Pedro Neighborhood Council requests that the City Council take a position of “neutral” in its 2024 Legislative Platform for the following proposed state legislation, as the provisions that would have weakened the protections in the Coastal Act have been removed or significantly modified: California SB 951 (California Coastal Act of 1976: coastal zone: coastal development) and California SB 1092 (Coastal resources: coastal development permits: appeals: report).**

Sincerely,

Doug Epperhart, President

On behalf of the Coastal San Pedro Neighborhood Council Board
