7. Chairman's Report: No report given.

8. **White Point Landslide and Hamilton Avenue Widening:** Presentation by City of Los Angeles Board of Engineering. Chris Johnson and Mark Osborne provided an update on the status of the Landslide. Highlights were:
- a. Landslide occurred on November 20, 2011. This has resulted in several different projects within the department.
 - b. A geotechnical investigation was completed in 2012 which identified immediate projects necessary such as grading, cleanup, dewatering, and installation of earth anchors.
 - c. Traffic measures have also been recommended. Future projects include improvements to Hamilton Avenue (between Patton and Barbara Streets) to relieve congestion and restoration of Paseo del Mar. Funding for these project is being proposed in the upcoming Mayor's budget. Other streets besides Hamilton will be studied at a future point.
 - d. 3,000 gallons of water a day are being extracted from a containment area at the site. This comes from the 20 dewatering drains that have been installed throughout the site. The contained water is then released into the sewer.
 - e. The city is currently installing 18-20 slope anchors.
 - f. Cul-de-sacs are going to be installed at the landslide point on each side as a temporary solution.
 - g. The Mayor's Budget is also prosing to allocate two million dollars towards restoration of Paseo del Mar. They anticipate it will be two years before they acquire environmental clearances (CEQA) and prepare plans for the actual design work. They estimate it would be June 2018 before the restoration of Paseo is completed.
 - h. Concerns from board members and stakeholders were answered:
 - i. Concern that the road will be rebuilt in the future without identifying the initial source of the water causing the landslide. In response: Even though no single source of water has been identified the 20 dewatering drains are removing any water.
 - ii. In response to a request for someone to inspect the water coming out of the cliff below the Point Fermin lighthouse, the DOE said they can make phone calls to determine jurisdiction (city or county) over that area.
 - iii. Concern with the water level in the bore wells and whether it continues to drop. In response, this data will be posted on the website soon.
 - iv. Designs on the turnarounds will be available to the neighborhood council once they are available. This is already appropriated in the budget.
 - v. Additional dewatering measures will most likely be required beyond the landslide area.
 - vi. This project is trying to stabilize the area so that the landslide does not expand.
 - vii. Island is going to remain until its future is determined by the design of the project.
 - viii. Regular updates on the BOE website will be resumed. There was a delay due to Vince Jones' retirement.
 - ix. It will be approximately 1 year before the designs for Hamilton are completed and 2 years for the designs for Paseo del Mar to be completed. The projects will then go out for bid.
 - x. Studies on the water coming out of the cliff have been conducted and they are high in sulfur and metals. The regional water board requires a permit for the water to be discharged. They are looking at ways to be exempted from the permits. However, the State Water Resources Control Board will need to give permission before water can be discharged into the ocean.
 - xi. The \$29 million figure for restoration of Paseo del Mar is a projected figure. A more detailed development of the cost will be provided after the pre-design phase.
 - xii. \$2 million for consultant to do CEQA and environment documents at which time public comment will be possible at the draft stage. The neighborhood council will be briefed as the design proceeds. The money for restoration will ultimately come from the gas tax and the General Fund.
9. **SkyTrans, an alternative form of mass transportation:** Bob Gelfand gave a presentation on a public transit concept called SkyTrans. It is the equivalent of a light rail system but it is a lot cheaper to run and has a small footprint. This is called "Personal Rapid Transit" (PRT) and is in the form of pods that hang from a guard rail, the equivalent of light poles with a single rail between them. A video clip and slides showed mock-ups of the proposed system. Bob estimates it would cost in the area of

25 cents per mile to the consumer. Several individuals, including various people from the neighborhood council system, have been getting together to discuss the potential of such a system in the Los Angeles area and beyond.

10. **Motion to Adopt Revised Budget:** The Board reviewed the revised budget brought forth by the Budget and Finance committee which aligned actual spending in 2013-2014 to date. **Bob Gelfand moved that the Coastal San Pedro Neighborhood Council adopt the revised budget as presented. Motion seconded by Lydia Gutierrez and passed with 12 yes votes (Bettis, Burich, Dominguez, Gelfand, Gutierrez, Malstrom, Matich, Nagle, Ortiz, Shirley, Smith, and Vidovich); 0 no votes and 1 abstention (June Smith).**
11. **Motion to Endorse Brouerwij West at Crafted:** The following letter was brought forth from the Agenda Committee as follows:
*Los Angeles Department of City Planning
Office of Zoning Administrator, 7th Floor
200 North Spring Street, Los Angeles, CA 90012
RE: Planning Case No: TBA
Project Address: 110 & 112 E 22nd Street
Applicant: CRAFTED at the Port of Los Angeles LLP
Dear Zoning Administrator:
At our regularly held public meeting on April 21, 2014, the Board of Directors of the Coastal San Pedro Neighborhood Council (CSPNC) voted [unanimously] to support the applicant's request. The project, as presented to CSPNC, will involve:*
- 1. A MASTER CONDITIONAL USE PERMIT (ALCOHOL), pursuant to LAMC Section 12.24 W.1 to allow the sale and/or dispensing of alcoholic beverages for consumption on the premises and off-site sales; including:
a. Five (5) on-site full line permits for other lease spaces located in section E of Warehouse 9, with the option for each of these full line permits to instead be beer/wine permits;
b. Two (2) on-site and off-site full line permit for retail or specialty grocery store with beer, wine or liquor tasting or other similar uses to be located in section E of Warehouse 9.*
 - 2. PLAN APPROVAL CUB (ALCOHOL), pursuant to LAMC Section 12.24.M, to allow THE BREWERY AT WAREHOUSE NINE LLC, dba BROUWERIJ WEST, one (1) full line alcohol Conditional Use Permit and one (1) off-site beer/wine Conditional Use Permit under the Master CUB.*
 - 3. PLAN APPROVAL CUB (ALCOHOL), pursuant to LAMC Section 12.24.M, to allow OFF THE VINE one (1) beer/wine Conditional Use Permit and one (1) off-site beer/wine Conditional Use Permit under the Master CUB.*
- In the CSPNC's view, the information presented provides adequate justification for granting the requested approvals. CSPNC feels that CRAFTED has been an asset of the community and finds that the further development of this property with an artisanal food market, brewery and casual dining restaurant is an important step in accomplishing the goals detailed in the Port Master Plan. CSPNC fully supports the applicant's request and encourages the city to approve.
Thank you for your consideration of these comments.
Yours truly,
Coastal San Pedro Neighborhood Council
Dave Behar | 310.721.7017
CSPNC Chairman & President
on behalf of the Governing Board
CC: Alison Becker, Planning Director, CD15
Capt. Jennifer Thomas, LAPD Harbor Division Los Angeles Port Police*

Motion by Matt Matich to approve the letter of endorsement as presented above. Motion seconded by Chris Nagle and approved unanimously by the Board (13 yes, 0 no, 0 abstentions).

12. **Wilders Addition Motion:** The following motion was brought forth by the Recreation and Parks Committee to provide additional garbage cans and trash pickup at Wilder's Addition on Paseo del Mar. Motion approved unanimously by the Board. (13 yes, 0 no, 0 abstentions):
Whereas the City of Los Angeles has removed several of the garbage cans originally installed at this park; Whereas the lack of trash receptacles has significantly increased the amount of litter left behind by park users; And whereas the remaining litter and trash has created a public nuisance over the last several years; Therefore be it resolved that the Coastal San Pedro Neighborhood Council requests the placing of 8 additional trash cans within Wilder's Addition and the adjoining seating areas. We further request that the Los Angeles Recreation and Parks Department be required to regularly empty all trash cans within Wilder's Addition and the adjoining seating areas.
13. **Appointment to the (Neighborhood Council Port Affairs Committee) (NCPAC):** The Chair opened nominations for the appointment of two representatives and one alternate to the NCPAC from the Coastal San Pedro Neighborhood Council. The following individuals were nominated: Dave Behar, Mike Brown, Peter Warren and Cari Burich. **The final count was as follows: Dave Behar 9 votes; Mike Brown 8 votes; Peter Warren 5 votes and Cari Burich 3 votes. Dave Behar and Mike Brown were thus appointed as the representatives and Peter Warren was appointed as alternate.**
14. **CSPNC Bylaws Amendment Article V Sect. 504 – Terms & Term Limits. Final Reading and vote on the proposed bylaws amendment:** The following Bylaws Amendment was presented to the Board for a third reading and vote of approval: *The regular terms of office for Governing Board members shall be for a period of a two (2) year staggered term commencing July 1 and ending June 30 or until a successor is selected or appointed commencing after being seated. To begin the staggered terms, the 9 candidates selected with the most votes shall receive two (2) year terms. The remaining 8 candidates selected shall receive a one (1) year term. Thereafter, beginning in year 2015, the seats selected to one (1) year terms shall have a two (2) year term. There are no term limits.*
After discussion, the board approved the Bylaws Amendment by 2/3 vote as follows: 9 yes votes, 3 no votes, 1 abstention. The stakeholders then approved the Bylaws Amendment by a simple majority (as required by the Bylaws) with 14 yes votes, 8 no votes, 0 abstentions
