Dear Director Cannon:

At our December meeting the Coastal San Pedro Neighborhood Council Board passed the following motion:

Motion asking for a CSPNC representative in the Clean Air Action Plan Implementation Stakeholder Group

Whereas the Ports of Long Beach and Los Angeles plan to convene meetings of the Clean Air Action Plan Implementation Stakeholder Group in early 2018;

Whereas Coastal San Pedro Neighborhood Council Board members previously participated on the No Net Increase Task Force and development of the first iterations of the Clean Air Action Plan, including on the development of the most effective emission reduction strategies to date;

Therefore be it resolved, the CSPNC requests that the Port of Los Angeles ensure that a CSPNC representative is authorized for direct participation on the Clean Air Action Plan Implementation Stakeholder Group.

We look forward to having a CSPNC representative participate in this Stakeholder Group. Please let us know how to proceed.

Sincerely,

Anna Erneholt
Chair of the Environment and Sustainability Committee
