Safety and Nuisance concerns around CSP Parks and Coastal Roads

The Coastal San Pedro Neighborhood Council Board asks that the LADOT and the LAPD work together on an immediate solution to prevent or mitigate continual nuisances (such as late night partying) in our highly visited, multiple coastal parks, as well as street racing and burning donuts on the adjacent coastal streets, etc. Such activities significantly impact the safety and quality of life for residents and visitors alike.

In addition, we strongly recommend that the LAPD put a temporary substation near Pt. Fermin Park, to better control these serious and ongoing safety and nuisance concerns. The current LAPD station is located on the far side of San Pedro from the park, making the presence of a substation in the park area beneficial to the immediate community.

Also, the Coastal San Pedro Neighborhood Council will conduct community outreach encouraging people to call 911 whenever these activities occur. Such calls will provide actual, verifiable documentation to LAPD assigned to the Pt. Fermin Park area. Creating an incident “paper trail” will lead to increased police support to mitigate these nuisances and also help identify problem days and hours.

- 9) **Stop sign at Pacific & 32nd** – The following Motion was approved unanimously:

Stop Sign at Pacific & 32nd Street

The Coastal San Pedro Neighborhood Council Board requests that DOT complete a study to determine whether it would be better to have a stop sign and cross walk at the Fort MacArthur driveway entrance at Pacific & 30th Street or at Pacific & 32nd Street. This is the main entrance to the Pt. Fermin School, with pedestrians, school buses and multiple cars.

[NOTE: this is not a request for an additional stop sign on Pacific Ave., but rather to study the feasibility of relocating one of the existing signs to an area where it would be more effective.]
