Re: Alma Park Fence Repairs

The Coastal San Pedro Neighborhood Council adopted the following resolution on April 17, 2023:

Whereas, the Alma park boundary fence adjacent to and north of 926 and 922 W 22nd street and north of the alley and 2117 S. Meyler Street is in a state of disrepair and has been for more than a decade, and

Whereas this creates a hazard for property damage, illegal dumping, and enables vandalism and crime, and

Whereas the former Alma Park advisory board and the current Alma Park neighborhood community organization, at least since 2015, have requested that this situation be remediated,

Therefore be it resolved, the Coastal San Pedro Neighborhood Council urges the Department of Recreation and Parks to immediately act to stabilize the area and replace the fence,

Further Resolved, the Coastal San Pedro Neighborhood Council urges the Department of Recreation and Parks to engage with the Neighborhood Council during the process to gain the benefit of public input.

Sincerely,

Doug Epperhart, President
On behalf of the Coastal San Pedro Neighborhood Council Board
