Subject: **Noise Complaints Re: Berth 46**

On June 22, 2022, the Coastal San Pedro Neighborhood Council adopted the following resolution pertaining to noise complaints received following a concert the previous weekend at Berth 46:

Resolved, the Coastal San Pedro Neighborhood Council insists that, pursuant to the Los Angeles City Charter, the Port of Los Angeles consult with the Harbor Area Neighborhood Councils before issuing any temporary entry and use permits for future special events.

Further resolved, the Coastal San Pedro Neighborhood Council requests that the Port respond with the actions that the Port will take to reduce noise impacts on adjacent communities from special events.

We appreciate your attention to this matter.

Sincerely,

Doug Epperhart, President
On behalf of the Coastal San Pedro Neighborhood Council Board
